REAL DEMOCRACY.—The Loco Focos of Wil FF A GRAND CONCERT will be given at the Collliamsburgh held a meeting last Thursday evening- seum, 450 Broadway, this evening, by Mrs. STRONG

Resolved. That we are in favor of the proposed State Convention, and carnestly hope that the following alteration and amendments may be the fruit thereof:

Abolish property qualifications in the exercise of the elective franchise.

Take away the restriction rendering ministers of religion is take the treatment of the public effec, and require them to boar an opal proportion of trantion.

Give us greater guards over the public moneys, and important restrictions in delegated power.

Annul that part which requires a freehold qualification to fill the offices of Governor and Senstors.

Take away the power to grant specific privileges.

Give us a judiciary elective by the people, and one that will administer prompt and exact justice, and as forest practicable, make all officers elective by the people, and one that will administer prompt and exact justice, and as forest practicable, make all officers elective by the people, and one that will administer prompt and exact justice, and as forest practicable, make all officers elective by the people, and one that will administer prompt and exact justice, and as forest practicable, make all officers elective by the people, and one that will administer prompt and exact justice, and as forest practicable, we will give our united vote for "Conventica"

These propositions of amendment in the main strike us favorably, especially those which we have placed in Italics. We might like some others if they were stated more distinctly. We tfust the Williamsburgh Democracy will not be driven or enjoided into an abandonment of the first principle here avowed, in deference to the schemes of their would be leaders.

Will they not consider the propriety of dividing the State into so many Senate and Assembly Districts as there shall be chosen Senators and Assembly Districts as there shall be chosen Senators and Assembly Districts as there shall be chosen Senators and Assembly Districts as there shall be chosen Senators and Assembly Districts as there shall be chosen Senators and Assembly De

is undoubtedly favorable to a Convention, and will give a very heavy majority for it. Yet three of our four Senators—all of those voted for by the Williamsburgh Democracy—were among the deadliest enemies of a Convention and did their utmost to defeat the bill. Would they have done this if each had been responsible to a distinct constituency, one fourth the size of the present?

The Morning News yesterday accused the Whigs of uniting with the Natives to defeat the election of School Officers friendly to the present devolved upon a mob in each town, led on by the latter would take the trouble to lead in such work. And this is to be responsible for the character of the men thus illegiminately raised to office? And this is, what is called living under a government of and prominent Whigs. Comment is needless.
